

NEWS OF THE BOOZE

G.B.G PUB TO CLOSE

A last-ditch campaign is being mounted by the Branch to save a Good Beer Guide listed pub from closure. The pub is the historic (16th century) White Lion in Petworth Road, Haslemere. The White Lion is a grade 2 listed building ("Of rare architectural and historical interest"), noted for its fine timber framing and very old roof tiling. Unfortunately it is the roof which could be the cause of the pub's closure, for it needs repairs costing £20 - 30,000. The owners, Ind Coope - Friary Meux have allowed the pub to become very run-down in recent years, with the result that beer sales are now only about 2 barrels a week. They say that it would be "uneconomic" to keep the pub and repair it, but do not attempt to explain why they intend to de-licence it and sell it as a private house or commercial premises - the answer is clearly that Friary Meux are scared of competition. If repairs are "uneconomic" to Allied Breweries, they would certainly be uneconomic to a private buyer. If you wish to help save this pub, thought by many to be the best pub in Haslemere, send your objections to Mr J. Cartwright, Managing Director, Ind Coope - Friary Meux Ltd, 28 Commercial Road, Guildford.

STOP PRESS

Friary Meux have announced that the White Lion is to close forever within the next few weeks. The Licensing Justices raised no objection to the licence being revoked as from April 3rd, but the pub is to close before that date.

of the Campaign for Real Ale. March 1982

NEW TRUMAN'S ALES FOR BRANCH

Ben Truman can now stop turning in his grave, for Truman's have now introduced a respectable range of real ales, including, believe it or not, a mild! Even more surprising is that the first known outlet in the Surrey/Hants Borders Branch area is a club, the Railway Staff Association Club in Goldsworth Road, Woking. The club currently sells the fairly strong Best Bitter, and is about to replace its keg mild with the new cask mild - if these are a success the new bitter is likely to be added. The club have very kindly invited CAMRA members to sample the beers on Wednesday the 10th of March. A full CAMRA social has also been arranged at the club for the evening of Wednesday, May 5th, so if you can't get there this month don't be too dismayed! Good luck to the club and its steward (who I am told keeps the beer in fine condition) - the introduction of these new beers deserves to meet with success.

Many thanks to Ray Henbest for organising these meetings.

LONGER HOURS

The West Surrey L.V.A. have applied for a summer weekday extension to 11pm. A letter of support has been sent to the licensing justices by the branch. The hearing of the application takes place at Farnham Court House, Union Rd, on 24th March at 10am. A similar application in the East Hants district, covering the western end of our branch has recently been granted.

Castle, Ottershaw

Thanks to new landlord Graham Sage, the Castle, Ottershaw, on our border with North Surrey Branch now serves handpumped Burton Ale. This was previously a "fizz only" pub. Alan Davies is to organise a joint meeting with N. Surrey at the Castle. Thanks to Russell Gander for the information.

Withies, Compton

Roland Edwards reports that the Withies, Compton, now sell Huntsman Dorset IPA and Royal Oak, and Badger Best or Tanglefoot.

FARNHAM CHANGES

The Farnham Ale leaflet now contains an up to date supplement. The leaflet tells you where to find around 35 different beers in over 60 pubs within a few miles of Farnham, and can be obtained by post from the address below on receipt of two 15p stamps. During the 8 months between publication and amendment we have lost from the Farnham area old favourites such as Sam Smith's and Devenish beers, and the delicious Marston's Merrie Monk, but we have gained a number of outlets for the new Hall & Woodhouse Tanglefoot; Ballards ales have spread like wildfire (and seem to have improved tremendously); and the Sandrock has introduced us to the dark delights of Batham's old ale (or is this a trick? - there's no such thing according to the Good Beer Guide!). The Sandrock, incidentally, now sells Batham's mild all the year round, served by handpump.

CONSUMER ACTION!

Another Watney's pub has had its DCL handpump removed... in a local pub which shall remain nameless an irate customer wrenched the air pressure pump from the bar counter during a disagreement with the landlord!

EDITORIAL ADDRESS:

13 St George's Road, Farnham.

CAMRA Branch Meetings

FEBRUARY

Thurs. 25th -

The Lord Campbell,
Alexandra Road, Alder
-shot. A Good Beer Guide
entry, near Prince's Hall.
